John Dory's are very proud to be associated with fish and chips. Fish is a high protein natural food, low in fat, rich in vitamin B and contains essential omega oils. Chips are packed with carbohydrate that provide the body with energy and warmth. Meat and poultry products are also rich in protein. When eaten as part of a healthy balanced diet this food is nutritious and wholesome and can be enjoyed by everyone.

Dispose of your
waste carefully

JOHN DORY'S

AWARD WINNING FISH & CHIPS

Winner of the NI Fish & Chip Shop of the Year Award
& Bridgestone Guide 'Best in Ireland Award'
